

MDS CODING SURVIVAL COURSE

Virtual Training
February 21st-22nd

9:00am-12:00pm EST

\$500

[Register Here](#)

Registration Due By 2/15/23

Current Celtic clients may be eligible for a discounted rate, contact consultant@celticconsulting.org for details.

Accurate coding of the MDS is essential to optimize SNF revenue and conform with regulatory requirements. This training will walk attendees step-by-step through MDS coding guidelines.

By incorporating methods covered during training, attendees can assist their facility to improve Quality Measures and achieve accurate Medicare and Medicaid reimbursement.

Celtic Consulting's instructors, Maureen McCarthy, Lori Chuisano, and Keri Hart, will:

- Breakdown the MDS (current version 1.17.1) section-by-section to examine coding requirements
- Highlight changes to MDS coding, coming 10/1/2023 (based on draft MDS 3.0 Item Set 1.18.11)

This training is designed for: MDS Coordinators, DNSs, Administrators, Staff Development Coordinators, Nurse Managers, Rehab Directors
